

Emran Khan

Chief Executive Officer
Liberty Dharki Power Limited
92, Razia Sharif Plaza, 4th Floor, Blue Area, Islamabad

Subject: Follow up: NEPRA (Security of Information Technology and Operational Technology) Regulations, 2022 — Compliance Advisory & Support Services

Dear Emran Khan,

I'm following up on our earlier letter regarding NEPRA's Security of IT and OT Regulations, 2022. As specialists in NEPRA compliance, we'd welcome the opportunity to support Liberty Dharki Power Limited in meeting these requirements.

I. WHY xLOOP DIGITAL

- Deep power-sector track record — hands-on with regulatory compliance, cybersecurity assessments, IT/OT controls, and audit readiness for licensees like yours.
- Internationally certified engineers with dedicated OT/ICS and SCADA expertise across Pakistan's energy sector.
- NEPRA/ISMO-ready deliverables — clause-referenced, audit-ready, and built for Board review.
- Engagement on your terms: a one-time assessment, an annual compliance retainer, or full implementation support.
- Local presence, global reach — delivery teams in Pakistan, the USA, UAE, and Qatar.

We'd welcome a brief call to walk your team through a tailored compliance roadmap, starting with a complimentary gap assessment. Reach out at your convenience, or learn more at <https://www.xloopdigital.com/services/cyber-security-service>

We look forward to supporting Liberty Dharki Power Limited in strengthening cyber resilience and achieving full alignment with NEPRA's regulatory requirements.

Warm regards,

Huzaifa Valika
